I loved the relationships in both these stories. I loved that they got their happy endings and their happy little families too. I loved the twists and turns and the edge of the seat action in these books. I will recommend this book to everybody I know and to all my friends too. 1 of 1 people found the following review helpful. Very Enjoyable. By *Nessa*This was a very intriguing story and I love the whole dragon concept, especially when somebody gets a ride, however, not under the best circumstances. I really liked both stories and the endings were very heartwarming. They definitely deserved their wings. :)0 of 0 people found the following review helpful.
